WORKING STUDENT (M/W/D) GRAPHIC CHECK

Location: Köln-Ehrenfeld | Start: May 2024

The jersey is the figurehead of a club. A jersey is love, emotion, responsibility and tradition. In most cases, however, only professional teams have the opportunity to customize their jerseys. This is where we come in: We have developed a platform on which athletes can design their high-quality & individual jersey with the help of a 3D configurator.

WHY WORK WITH US

We know that we can only be successful with a strong team! That's why you can expect a motivated and ambitious team consisting of A-players who drive the company's success. But you won't want for anything else either:

- High-quality equipment, flexible working hours & home office
- Modern office in industrial design in the heart of Ehrenfeld
- Sporty, relaxed atmosphere in the spized team thanks to joint team activities
- You have the chance to work relaxed and without university stress at the weekend
- Promising job prospects at spized even after your studies

WHAT WOULD YOU DO

- You take care of the processing of all incoming orders
- You check customer designs for feasibility and try to make them even better
- If necessary, you contact the customers and clarify the design improvements directly with them
- You decide how the orders go into production

WHO YOU ARE

- You have an eye for detail and a creative streak
- You have an understanding of graphics and some experience with graphics programs
- You enjoy working in a dynamic environment
- You can communicate easily in both German and English
- Knowledge of French at level B2/C1 is welcome but not a basic requirement
- You are willing to work some of your hours at the weekend
